Dear Benny,

I was most pleased with Ben Design Group, Inc. and architect Benny Kuriakose's design of Sacred Heart Catholic Church's new sanctuary and the renovation of the church. I have heard many compliments on it. The new sanctuary is beautiful, and it draws our hearts and minds to Christ and to our belief that He is truly present with us.

We were also impressed with how the architectural design blended with our existing church without giving a "tacked on" look. May God's continued blessing be yours as you seek to help other churches with the quality and beauty of their churches. I am

Sincerely yours,

V. J. Estévez

Most Reverend Felipe J. Estévez, S.T.D.
